

I have had the privilege of working with Carol Satterthwaite in a variety of capacities over the past few years and have developed the greatest admiration and respect for the quality of her work and for her professionalism. Most recently I worked with Carol as part of the Bradford Speaking and Listening Working Group. Her contribution to this group was invaluable due to her depth of knowledge, her understanding of how children learn and develop their language skills and her ability to convey all of this in a manner which inspires and motivates those of us engaged in the challenge of raising standards and accelerating pupil progress. I would recommend Carol, without reservation, as an outstanding educational consultant who will make an excellent contribution to the work of any school or local authority seeking to improve the quality of learning and teaching and achieve the very best education for children.
